DETAILED ACTION

Oath/Declaration

1. The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) **identifying this application by application number and filing date** is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

- **The specification to which the oath or declaration is directed has not been adequately identified. See MPEP § 602.**

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 1 – 20 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. The Examiner could not find any thread of support in the Specification for the filed claims.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 10 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 10 recites the limitation "convey both data" in line 2. Since the claims to which claim 10 depend upon just discussed the existence of one data, the Examiner considers that the claim is incomplete.

NOTE: Since the claims raised 35 U.S.C. 112 first paragraph issues as discussed above, the Examiner will consider the priority date for the claims to be the filing date of the current US application, which is November 19, 2003.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

4. Claims 1 – 20 are rejected under 35 U.S.C. 102(a) as being clearly anticipated by Powder et al. (US 6,624,605).

Art Unit: 2837

Powder et al. teach all the limitations described in the claims (Col.2, Line 29 – Col.4, Line 13, Col.25, Lines 57 – 67, Col.26, Lines 4 – 11, 17 – 22, 25, 26, 31 – 34, 45 – 48, Col.27, Lines 9 – 17 and Col.28, Lines 11 – 14).
